## REPLACEMENT PUSHBUTTONS FOR ELECTRONIC TOUCH BUTTONS\*

O480B2-series (round) and O485B2-series (square) buttons feature black Lexan face with white plastic characters molded in. Button face is molded onto a 5/16" brass conductor stem that provides "condenser-effect" sensitivity equal to the OEM value.

Order O480B2-[character] (e.g., O480B2-LB for round button with molded-in "LOBBY").

Order O485B2-[character] (e.g., O485B2-25 for square button with molded-in "25").

**Hall and blank buttons are not available in this series**
