FOR IMMEDIATE RELEASE

Adams Elevator increases online ordering discount

Adams customers now benefit from a 3 percent discount for all online orders

Chicago, IL – Adams Elevator recently increased its online ordering discount to 3 percent. The new discount rate, a slight increase from the company's previous 2 percent discount rate, will be effective for all online orders starting May 1, 2016.

The Adams online store boasts a substantial specialty catalog inventory, including those for 9300- and 330A-Schindler equipment. In an effort to keep customers informed, Adams constantly adds new product photos and updates product information in order to aid customers in making informed decisions when making purchases online – as illustrated with the recent addition of product photos for hundreds of printed circuit boards.

The online store has proved to be a huge success with Adams Elevator customers since its launch and will continue to grow and expand to meet customer needs. Adams online customers note the benefit, along with the ease-of-use that comes from having access to more than 20,000 elevator and escalator parts just a few clicks away. Customers can head to the online store to place, review and track orders and shipments 24/7.

Visit Shop.AdamsElevator.com to explore the online store.
